The AESO is seeking comments from stakeholders on its approach to reviewing sub-hourly settlement, and content from session 3.

1. Please fill out the section above as indicated.
2. Please respond to the questions below and provide your specific comments.
3. Email your completed matrix to stakeholder.relations@aeso.ca by October 7, 2020
4. Stakeholder comments will be published to aeso.ca, in their original state, with personal or commercially sensitive information redacted, following October 7, 2020.

	Questions	Stakeholder Comments
1.	The AESO has presented the costs and benefits on sub-hourly settlement. Do you believe there are other considerations that should have been considered? Do you have comments related to the material the AESO presented? If yes, please elaborate.	No other considerations are required at this time.
2.	The AESO's decision is to not pursue sub-hourly settlement at this time. Do you have comments related to this decision?	ENMAX agrees with the AESO's decision to not pursue sub-hourly settlement at this time.
3.	Do you think there is value in further exploring payment to load on the margin given the benefits and issues identified? If yes, please describe if you would be willing to participate and what topics should be explored and why.	Payment to load on the margin (PLM) may warrant some additional study by the AESO. ENMAX is interested in understanding how much it would cost the market to implement PLM, whether there would be a size restriction for loads to participate (e.g., >5MW), and how these payments would be funded.

	Questions	Stakeholder Comments
		If the AESO were to move forward with such a change, adequate consultation would be required to understand how the market rules would work and address any secondary impacts.
4.	Do you feel you have been able to adequately participate and provide comments to the AESO through this engagement? If no, please describe your concerns.	While there are limitations to the amount of dialogue parties can have over Zoom, it was acceptable given the current circumstances.
5.	Do you believe the AESO was effective in the preparation and presentation of the material? If no, please provide suggestions for the improvement of future engagements.	No comment.
6.	Please provide any other comments you have related to the sub-hourly settlement engagement.	No comment.

Thank you for your input. Please email your comments to: stakeholder.relations@aeso.ca.
