

Bulk and Regional Tariff Design Stakeholder Engagement Session 5B (DOS)

Session purpose and objectives

The purpose of this session is to engage stakeholders in a discussion of the AESO's demand opportunity service (DOS) modernization recommendation to allow expanded eligibility (e.g., energy storage). The session objectives include:

- Present additional background on the AESO's demand opportunity service – what it is, the service it provides and how it operates today
- Share our learnings on DOS modernization stakeholder feedback
- Present and discuss the AESO's DOS modernization recommendation for the purpose of seeking stakeholder feedback on the recommendation
