Transmission Modelling Data Form

Branches

	Project Number and Energization; or Facility Code:					
Branches						
name	from Topological Node	to Topological Node	circuit	order Number	conductor_	_name
	Data submitted in this engineering document represents the electrical system components to a level adequate for powerflow, short-circuit, and dynamic modeling of (select one): An operational facility or a project passing Gate 1 Gate 2 Gate 3 Gate 5 of the AESO project process, and is subject to change as project design proceeds and as-built data becomes available. It is not to be relied upon for construction.
