Technical Working Group on CIP-012-AB-1 Implementation

Session purpose and objectives

The purpose of the session is to engage stakeholders in discussions about the recently approved reliability standard CIP-012-AB-1, *Cyber Security - Communications between Control Centres* ("CIP-012-AB-1"). Specific session objectives include:

- Review the CIP-012-AB-1 requirements
- Present and seek feedback on:
  - AESO Information Document 2021-007, *Cyber Security – Communications between Control Centres* ("ID #2021-007"); and
  - the *CIP-012-AB-1 Reliability Standard Audit Worksheet* (RSAW).
- Share the AESO's key learnings on its implementation of CIP-012-AB-1
- Inform stakeholders about the AESO's proposed approach to CIP-012-AB-1 implementation for telecommunication links between each applicable Responsible Entity and the AESO's control centres
- Provide a forum for stakeholders and the AESO to engage in a discussion on CIP-012-AB-1 implementation, with the objective of assisting impacted stakeholders in meeting their CIP-012-AB-1 obligations by their effective date of July 1, 2023
